

Meat Slicers

SL250ES-10

SL300ES

SL300C

Patriot's meat slicers are constructed of anodized aluminum to make them tough, durable and long lasting. These belt driven units are easy to operate and fit well in areas with limited countertop space. The meat carriages are removable for easy maintenance and cleaning. The adjustable slicing knob gives you a consistent slice every time. The a built-in blade sharpener will always keep your slicer sharp and ready to cut.
